

PREMKUMAR S

ENGINEERING STUDENT

ABOUT ME

I am PremKumar, a 2nd-year B.E. CSE student at Easwari Engineering College with a creative mindset and a strong eagerness to learn new things. I enjoy exploring innovative ideas, improving my technical skills, and taking on challenges that help me grow. I am confident in my problem-solving abilities and approach tasks with a logical and positive attitude. My goal is to continuously develop my knowledge and contribute effectively to meaningful tech projects.

WORK EXPERIENCE

■ 2025 - COGNFYZ TECHNOLOGIES

Java Development Intern

- Completed all assigned Java development tasks within the given timelines.
- Applied core Java concepts such as OOP, collections, and exception handling in task solutions.
- Followed instructions and project guidelines to deliver accurate and functional outputs.
- Gained hands-on experience by solving practical Java problems and improving coding skills.

■ PROJECTS

- Street Food Cart Paradise
- Team Project | Tutedude Web Dev Hackathon 1.0
- Developed a full-stack web app to streamline raw material sourcing for street food vendors.
- Enabled real-time order placement, supplier ratings, and live tracking.
